Experience

Pocket FM

Ad Operations Specialist (Contract) / Remote

Jun 2025 to Present

- Own Meta Ads execution across acquisition and engagement campaigns supporting large scale user growth across multiple geographies.
- Built structured creative and audience testing systems that improved click through rate by approximately 16% and reduced cost per result by approximately 14%.
- Designed live performance dashboards to monitor spend efficiency, creative performance, and scaling readiness.
- Worked closely with content and growth teams to operationalise winning creative formats.

Intertek India Pvt. Ltd.

Digital Marketing Executive / Delhi

Sep 2024 to Jun 2025

- Led paid search, paid social, and organic campaigns supporting multiple service lines across South Asia.
- Used GA4 funnel analysis and CRO testing to improve conversion rate by approximately 18% and increase marketing qualified leads by approximately 22%.
- Optimised landing pages, enquiry forms, and lead routing to improve sales handoff and pipeline quality.
- Collaborated with sales and product teams to align campaigns with business KPIs.

Tradebuilder Inc.

Digital Marketing Associate / Remote

Sep 2023 to Jul 2024

- Managed Google Ads, Meta Ads, and HubSpot campaigns for B2B lead generation.
- Built weekly GA4 based funnel and cohort reports to identify optimisation and scaling opportunities.

- Ran A B tests across ad creatives and landing pages, improving click through rate by approximately 12%.
- Contributed to an improvement of approximately 20% in paid media return on investment.

ABP Learning Technologies Pvt. Ltd.

SEO Intern / Noida

Jun 2023 to Sep 2023

- Scaled Instagram to over 3,000 followers and YouTube to over 10,000 subscribers using an organic first content strategy.
- Improved search visibility through keyword research, on page SEO, and metadata optimisation.

Projects

Custom GPT for Marketing Intelligence

- Built a custom GPT tool integrating SEMrush, Ahrefs, and Google Analytics to automate competitor analysis and keyword research.
- Standardised research outputs to reduce manual analysis time and improve decision speed.

Chatbot Integration for Intertek India Website

- Deployed a chatbot on an Optimizely CMS website to capture and qualify inbound leads.
- Tested conversation flows and form logic to improve lead completion rates.
